ABOUT ME

I love to solve problems and feel motivated by challenges. Working in a group is great for me, but also feel comfortable being independent. I am very proactive and curious about what my team does and how i could help them to improve.

I had experiences in other fields, where I learnt and grew up. Now I'm looking forward to work in a dynamic environment that evolves daily and makes me learn by doing.

SKILLS

Programming in JavaScript, TypeScript, React.js, HTML, CSS, Styled-components, Scss, npm, node.js, Git, Visual Studio Code.

LANGUAGES

Portuguese, English, Spanish, Danish.

PROFESSIONAL EXPERIENCE

FRONT END DEVELOPER
